Portfolio Presentation

By Nick Fletcher

How i made it

I started my portfolio off as just a simple website template to learn about html and css but then i found out that we were doing a portfolio for our next assessment so I decided to take what I had already built and just add onto that.

I went through a lot of changes as i continued to learn more about html and css and even started exploring javascript a bit and the end product was more than what i could've dreamt of creating on my own.

Coding!

```html
<div class="Parallax">
<div class="a">
    <strong>Welcome to my webpage.</strong></p>
    <p id='welcomebutton'>
<button class='button' id="welcomebutton" onclick="scrollWin()">Click Me to continue</button>
</div>
```

```css
.nav > #nav-check {
    display: none;
}

@media (max-width:600px) {
.nav > .nav-btn {
    display: inline-block;
    position: absolute;
    right: 0px;
    top: 0px;
}
.nav > .nav-btn > label {
    display: inline-block;
    width: 50px;
    height: 50px;
    padding: 13px;
}
.nav > .nav-btn > label:hover,.nav #nav-check:checked ~ .nav-btn > label {
    background-color: rgba(0, 0, 0, 0.3);
}
.nav > .nav-btn > label > span {
    display: block;
    width: 25px;
    height: 10px;
    border-top: 2px solid #eee;
}
.nav > .nav-links {
    position: absolute;
    display: block;
    width: 100%;
    background-color: #333;
    height: 0px;
    transition: all 0.3s ease-in;
    overflow-y: hidden;
    top: 50px;
    left: 0px;
```

```html
<div class="nav">
    <input type="checkbox" id="nav-check">
    <div class="nav-header">
        <div class="nav-title">
            Nick Fletcher
        </div>
    </div>
    <div class="nav-btn">
        <label for="nav-check">
            <span></span>
            <span></span>
            <span></span>
        </label>
    </div>

    <div class="nav-links">
        <a href="Home.html">Home</a>
        <a href="Portfolio.html">Portfolio</a>
        <a href="My_Story.html">My Story</a>
        <a href="Contact.html">Contact Me</a>
    </div>
</div>
</div>
```

Wireframes!

Hello, my name is Nick. I am currently studying to become a web developer through Coder Academy's fast track bootcamp. In my spare time (which let's face it... isn't that much) I like to take photos of pretty much anything that catches my eyes.I started getting into coding last year when i did a degree in engineering. While it was a hard course, i did however enjoy the programming side of the course. But I didn't start to properly look into programming as a job until a good friend of mine told me about the coder academy fast track boot campand said that i should give it a go .So off i went to find out all that i could about web development and the coder academy course. I've been fairly technical growing up but I never expected to get into a web developer course let alone possibly getting a job as a web developer .So here i am coding my way through this course one day at a time.

Will Write code for Coffee

Thank you for watching
